## NORWAY OFFERS U. S. NURSES' REST HAVEN

### Milton News

(SPECIAL TO THE GAZETTE.)  
Christiania, Norway, June 27.—The Norwegian Red Cross has extended to the United States an invitation to send to Norway for a "rest cure" any of its nurses and Red Cross workers who may become ill or worn out in the course of their work in northern France.  
In Norway any such American convalescents will be the guests of the Norwegian Red Cross, and will be sent to the most suitable Norwegian health resort for a period of six weeks or more at its expense.  
Similar invitations were long ago extended to the European belligerents, although Germany and Russia are the only ones who have sent nurses in response. Germany has thus far sent 500 nurses to Norway, while sixty-five Russian nurses are here for a month's vacation.  
A visit from even a small American Red Cross unit would be regarded as a great event in Norway, which regards itself as a little closer to the United States than any other Scandinavian country. Norwegians frequently remark that there are more Norwegians in the United States than there are in Norway, and that there "some land in Norway is as much their 'home land' as the other."
